## LIPSTICK & SHELLS

---

**W**e started with a blank porcelain panel and then developed a selection of artistic renderings that comprise the Bespoke collection. These are all produced on 5mm porcelain ceramic panels @ 39" wide x 118" long. Inspired by the relative symmetry between the lipstick cylinder and a shell casing, which on the one hand invokes passion versus destruction in the other, and we played with the irony associated with both iconic shapes.
